## ICON

Ts. Mohd Faisal Abdur Rani is a dedicated environmental activist and leader, significantly contributing to sustainability efforts in Malaysia. As the Co-Founder and Program Director at ImpactLution, he provides transformative CSR event solutions aligned with the Sustainable Development Goals. Faisal also coordinates Trash Hero Kuala Lumpur, driving initiatives to reduce waste and promote sustainable practices. Faisal holds a Bachelor of Science in Chemical Engineering from Montana State University-Bozeman (2005-2010). His expertise is further enhanced by his Certified Green Project Manager (GPM-b) certification, merging top-tier project management skills with a deep commitment to sustainability. His notable contributions include organizing the Malaysian Chapter of World Clean Up Day in 2018 and 2019 with support from the Ministry of Tourism, Art, and Culture (MOTAC). He has played a crucial role in planning for Kuala Lumpur's Low Carbon City and Society Blueprint and has led community events like the Earth Hour Awareness Campaign and Bukit Bintang Biodegradable Day. Deeply involved in waste management and education, Faisal conducts training on waste segregation and recycling for various groups, including University Sains Malaysia students and participants in the Food For Good initiatives. His efforts extend to organizing composting workshops and planning zero-waste events. He has also led community textile recycling programs, beach clean-up activities, and has been an influential speaker on eco-bricks, upcycling, and recycling. Faisal's impactful work earned him the 2018 Sustainability Award from GPM Global and the 2019 Star Golden Hearts Award, celebrating his role as an environmental activist and his commitment to a zero-waste lifestyle.
